

Order No. XA1200

Accessories case with 2 large tripods (height up to 250 cm) for the NDT and security sector

The robust, waterproof accessory case with two tripods (working height 40 cm to 250 cm) and 14" x 17" detector holder is ideally suited for use in industry and the security sector. The rib-reinforced hard shell was specially developed for outdoor use. The material of the case is break-resistant and dustproof and is suitable for all purposes and quick changes of location.

- High-grade workmanship and quality
- Foam inserts inside the box enclose the accessories and have a shock-absorbing effect
- Highest transport safety due to reliable seals and snap locks
- Two castors and appropriately positioned handles allow easy movement of the case

Accessories case with 2 large tripods (height up to 250 cm) for the NDT and security sector
