

Order No. XA1100

# Accessories case with 2 small tripods (height up to 150 cm)

for the NDT and security sector

The lightweight, waterproof and break-resistant case contains two small tripods (working height 20 to 150 cm) and a 14" x 17" detector holder. The case is ideal for industrial and security applications. The rib-reinforced hard shell of the outer case is designed for outdoor use. The case's super-light proprietary HPX<sup>2</sup>™ polymer material is also dustproof and suitable for all uses and quick relocations.

- Customised space for a GoldenEngineering generator incl. accessories (generator not included).
- A retractable handle extension and quiet-running castors with stainless steel bearings guarantee comfortable transport
- High-grade workmanship and quality
- Foam inserts inside the box enclose the accessories and have a shock-absorbing effect
- Highest transport safety due to reliable seals and snap locks

# Accessories case with 2 small tripods (height up to 150 cm) for the NDT and security sector
